## Road To Success

*Sherri,*

*We really want you to thank you for all of the extra hard work you do for us and our dogs. We never worry about our dogs while they are with you because of the love and care we know you and your mother give them. No matter what type of issues the dogs might have, you always work around them. You never give up on a dog. Sherri Alsbaugh, we really want to show the world that in our eyes (and our dogs), you ARE the best!*
